

# CLARKSVILLE HOTEL IS DESTROYED

## GUESTS HAVE CLOSE CALL IN EARLY BLAZE

Two Stores Also Destroyed in Early Morning Blaze—Guests At Hotel Flee in Scanty Attire—Danville Fire Department Summoned But Call Is Later Cancelled—Henderson Responds—Loss Estimated at \$70,000.

CLARKSVILLE, VA., Nov. 27.—Fire of undetermined origin between half past five o'clock and seven this morning, destroyed the Hotel Grace, a three-story brick structure on Main street, the hotel cafeteria, and a pool room, controlled by the hotel with a loss estimated at \$70,000. Fifty guests were at the hotel for the night, and most of them had narrow escapes though neither loss of life nor injury is reported. The flames communicated with the three floors of the hotel so quickly that few of the guests could do more than flee in negligee, leaving their possessions. One woman guest was found half sensible in her room and was carried to safety by other guests.

Mayor John Tisdale notified soon after the fire had assumed serious proportions sent word to Henderson, N. C., for the fire department which made the thirty mile run quickly but arriving when the fire was under control. He also sent for the Oxford, N. C., and Danville fire departments but cancelled the call when it was apparent that the blaze could be confined to the hotel building.

The fire appears to have originated in the furnace room of the hotel close to the cafeteria and may be attributed to the overheating of the furnace and the ignition of nearby woodwork, though this is not definitely known. The blaze first attacked the cafeteria and had been apparently burning there for some time before it was discovered. By that time the hotel was well alight and it required prompt action to get out the guests, all of whom were still sleeping.

Enquiry reveals that William Maxey and Henry Harris got up early this morning and called at the hotel for the son of the proprietor, Robert H. Easley, in order to go to Charlottesville to see the football game. These two youths saw the first alarm.

At that time the hotel was rapidly filling with smoke and heat, and guests fleeing to remain in their rooms. Many of their pajamas and night gowns, nearly all of the guests were pointing to the fact that the hotel was practically empty of the effects they had with them in the hotel. One man is reported to have lost \$150 in cash. The first care of the people of Clarksville was for the guests and all of them were taken into private homes and given a striking example of Southern hospitality. Steps are already being taken to clothe them and furnish them with necessary effects. Fortunately many of the guests had left the major portion of their effects in their cars and trunks attached to the rear of their machines. Several roomers in the hotel were men in the tobacco business.

Mayor Tisdale said this morning that he was at one time fearful lest the hotel, a better part of the business part of the town, would be destroyed. It was when four adjoining buildings caught fire that he sent out the call for help. The Harris Clothing Store, Willis and Wolf store and the Star warehouse, together with a roomy wooden building close to the hotel, Clarksville has no organized fire department, but citizens met the emergency and formed a bucket brigade which was successful in extinguishing the blaze. The hotel was built in 1896 at a cost of \$45,000. It is described as one of the largest and best hotels on the railway between Richmond and Danville. N. C. R. H. Easley owns it also the cafeteria and the pool room. Taking into consideration the loss of the effects of the guests, the equipment of the ruined enterprises, the total loss probably will be about \$70,000. There is between \$18,000 and \$20,000 insurance on the hotel.

## DANVILLE READY TO SEND ON ENGINE

Fire Chief Mitchell received the call for aid from the mayor of Clarksville at about half past six o'clock this morning at his home on Virginia avenue. He immediately dispatched the engine and a team of men to the hotel. The fire was threatening the entire town and he urged that assistance be given by Danville. Chief Mitchell lost no time and got in touch with W. E. Gardner, president of the Council and Edmund E. Meade, chairman of the public works committee, receiving authorization to proceed to Clarksville. He was about to call the mayor when a second call came from Mayor Tisdale saying that it was no longer necessary to send aid. The second call came within ten minutes after the first one.

On receipt of the first call firemen at Patton Street were instructed to stand by for further instructions. It was the fire chief's plan to secure a verdict on peace pact awaited by Chinatown.

NEW YORK, Nov. 27.—Chinatown waited anxiously today for the verdict of long leaders on the permanent peace pact between the warring on Leongs and Hip Sings who was scheduled to be signed.

The uncertainty had its course in whisperings heard last night in the hope of peace between the two factions.

The whisperings were caused by the shooting of a Chinese of two of his

Bandits are holding the Rev. Arne Anda for \$100,000 and 200 rifles. Some since his capture at Sichwan, Honan, according to a message to Norwegian consulate. Mrs. Anda was reported missing November 21. Sichwan is 130 miles south west of Juchow.

BOTH FROM MINNESOTA CHICAGO, Nov. 27.—The Misses Ingeborg Nystrul and Elizabeth Berglund Augustana mission workers at Juchow, China, reported missing after Chinese bandits captured the town, not far from Minnesota, it was learned today.

Miss Nystrul is a pioneer in the foreign mission field in which she has been engaged for twenty years, according to the Rev. Peterson, an active member of the foreign mission board of the Augustana synod. Miss Nystrul's home is in St. Paul.

## Hilltop School Will Be Opened Monday Morning

Announcement was made this morning of a new departure at Hilltop Sanatorium, which virtually assures the smaller children now confined there of educational advantages while taking treatment. Miss Helen Koss, superintendent of the institution, stated that on Monday Mrs. C. H. Earp of Stockton, will arrive to conduct classes for the children. The local schoolhouse and the Kiwanis club have been organized to organize a Bible class. The Kiwanis some months ago graciously provided a juvenile ward at the institution by converting an old building to the rear of the institution. It has been comfortably fitted up for the needs of the children who by taking treatment at the early stage of the malady are reasonably certain of overcoming and shaking off the complaint.

There are now four children in the building and these will become the immediate charge of Mrs. Earp who will conduct classes each day. The new school is a two-story building with a playground and an education while they are receiving treatment. The juvenile ward made possible by the action of the Kiwanis is large enough to take care of eight inmates.

## Another Killing In Gang Strife

(By The Associated Press.) CHICAGO, Nov. 27.—The gangland strife that came to the fore with the killing two weeks ago, of Dun O'Bannon, florist-gunner, and resulted in the present drive against gunmen and crime, today recorded its third victim.

He was Leo Kilmas, wounded during the affray Sunday which resulted in the death of Eddie Hanel, owner of a rooming house in Cicero, Kilmas, a patron of Tanel, died last night. Wounded in the same shooting and near death was Myles O'Donnell, under indictment for killing Tanel.

## OWNS STRANGE CAT

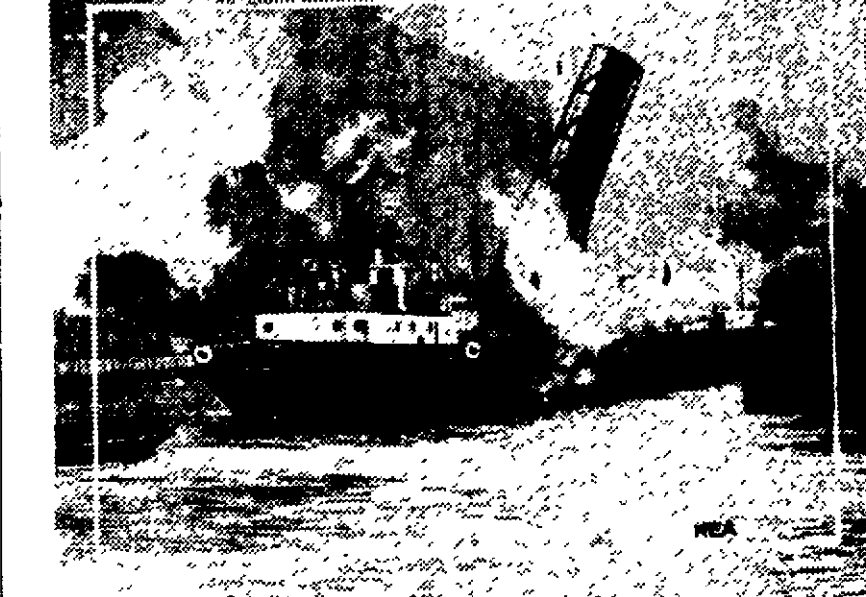

LONDON, Nov. 27.—The proprietor of a local movie house received a cat and a litter of kittens by express. Accompanying the gift was this message: "Dear Sir: Every time I see a new rat at my theatre, there is always a picture of a cat who is nursing dogs or chickens or mice—anything but kittens. I think it is unusual, therefore, that my cat is nursing real kittens. Please take their pictures."

## Three Killed, One Seriously Hurt In Auto Wreck

(By The Associated Press.) COLUMBUS, Nov. 27.—Three people were killed and one seriously injured at Flatons, three miles north of Newark, early today when an automobile in which they were returning from a party at Buckers Lake skidded and crashed into a ditch eight feet deep which was partially filled with water. The dead all from Newark were Sidney Jones, 32; P. J. Spelke, 34, and Harvey Plummer, 27. Mrs. Katherine Davis, 28, of Dayton, is in a hospital at Newark suffering from a crushed foot and possible internal injuries.

It took two days to release the steamer Constitution when she ran aground in the Chicago River. Traffic on two streets leading into the Loop was tied up during that time while jackknife bridges remained open as tugs worked with the stranded boat.

## FAVOR TRANSFER OF PROHIBITION UNIT TO JUSTICE DEPARTMENT

Senior Circuit Judges Believe Such Action Would Make Much For Effectiveness In Enforcing Dry Law.

(By The Associated Press.) WASHINGTON, Nov. 27.—The senior circuit judges of the country, with Chief Justice Taft joining and the opinion of federal district judges reflected in their position, have thrown their support behind the movement for a transfer of the prohibition unit from the Treasury department to the department of Justice.

Recommendation for such action by Congress has been made by the judicial conference of senior circuit judges in letters from Chief Justice Taft as chairman of the conference, to Attorney General Stone, transmitting a request that he embody the proposal in his annual report to Congress.

With the chief justice concurring, the senior judges who have just here declare in a statement which they ask to be laid before Congress that such a transfer of prohibition enforcement responsibility "would make much for effectiveness in enforcing the law."

Out of the abundant experience with prosecutions under the prohibition law reflecting that also of district judges, the senior circuit judges assert that by placing all expenditures for enforcement under the jurisdiction of the attorney general, prosecutions could be directed to the end that "trivial, futile and unimportant cases" which now crowd court dockets would be avoided.

## GUARD SHEATSLEY HOME AGAINST CURIOUS CROWD

(By The Associated Press.) COLUMBUS, O., Nov. 27.—Anticipating a crowd of curious persons, members of the Capital university football squad today were guarding the Rev. C. V. Sheatsley and members of his family in the house of mystery, the paragon of Christ Evangelical Lutheran church, where the practically cremated body of the wife and mother Adele Sheatsley, was discovered in the furnace, eleven days ago.

Conversing with newspaper correspondents shortly after his return, the Rev. Mr. Sheatsley, when asked if he had changed his opinion, asserted that his wife committed suicide and cast herself into the furnace after becoming insane.

"I would rather believe she was murdered—foul as the deed may be—than to believe she took her own life but until such evidence has been definitely established, I will think she took her own life."

## SUIT TO ANNUL MARRIAGE BROUGHT BY RHINELANDER

(By The Associated Press.) WHITE PLAINS, N. Y., Nov. 27.—Alice Jones Rhinelander today is defendant in a suit brought by her husband, Leonard Kip Rhinelander, a member of one of New York's oldest and wealthiest families, for the annulment of their marriage. The action is based on the contention that the wife fraudulently represented herself to be white and denied she had any negro blood.

## RADIO COMPASS GUIDE FOR FLIERS WILL END FEAR DURING BIG FOGS

(By The Associated Press.) WASHINGTON, Nov. 27.—The first test of the "radio compass" guide for aviators on an airway flight promises the end of all fears for fliers who now must largely guess, he was when fog or haze obscures his way to the earth. Radio compass mechanism perfected after long experiment by the army air service and signal corps to overcome the handicap of low visibility in flying was given its first practical test yesterday in a flight between the air way points of Dayton, Ohio, and Moundsville, W. Va., by Lieut. Geo. W. Goddard. The result is viewed as having an important bearing in the commercial aviation field.

A stream of signals flowed between the radio towers at the two places, Lieut. Goddard, flying in a haze and without attempting to guide by landmarks, was kept on a virtual bee line route by special receiving apparatus that told him the signals when he was flying off course.

## GIRLANDSLAIN EMPLOYER WERE "CLOSE" FRIENDS

### TOWN TOPICS

Prisoners in the city jail will have cause for Thanksgiving at three o'clock this afternoon when City Sergeant P. H. Bolesau will undertake his annual bounty by providing an appetizing dinner. It has been the custom of the sergeant to perform this act for more than thirty years. The menu for the spread to be served at three o'clock includes twenty-five pounds of roast beef, gravy, fried potatoes, pickle, hot bread and coffee. Fifty-five men and women will share the feast this afternoon.

The demand for hunting licenses at the office of the clerk of the court yesterday gave color to the report that many hunters would be able today. Deputy Clark Grey Bagley reported this morning that fifty-four county and nine State licenses were issued during the course of yesterday. The total number of licenses issued this year is 800 for the county and 350 for the State.

C. O. Shaw who recently came to Danville to ask the police to be of service to him in locating his missing wife, Mrs. Cora Fay Shaw, has written here saying he has found no trace of her since he last saw her. He has been in Danville since he was last seen. He has been in Danville since he was last seen. He has been in Danville since he was last seen.

While the quest was in progress, deputy sheriffs found a bloody handkerchief in a cabin near where the body was found.

In the blood clots on the handkerchief were three hairs, apparently from a man's head, and another of different color apparently from a woman.

Joseph Walker, who, with Miss Polly Bell and Paul Kennedy, motor-ed to Little Creek last Saturday night, Miss Watkins was questioned by the sheriff. Miss Watkins testified she had no knowledge of happenings to Fee until he was reported missing.

She pleaded with the district attorney not to read an affectionate letter she addressed to Fee Saturday and which was found on his body. Referring to the finding of Mr. Fee's clothing in her cabin, Miss Watkins said it had been presented to her by the bank for the use of men guests entertained at the cabin by herself and her sister.

Miss Watkins said she did not know who killed Mr. Fee. Police announced today that they had interrogated two telephone conversations between Walker and Miss Watkins, one at the time the body was found and the other after the finding of the body man, have been known to both of them.

The first message from Walker to Miss Watkins was: "Just sit tight." The second, police say, consisted of Walker's question: "How do things look?" "Miss Watkins' answer was: "not so good. The district attorney is on his way now."

City Attorney A. M. Aiken has returned from Richmond where he appeared last Tuesday before the Supreme Court with petitions for writs of error in two cases in which he appeared for the defendants. He was successful in both cases. Judge Sims granted the writs in the case of the American National Bank against A. C. Conway and in the case of Miss Odie Sally against the city of Danville. Unusually prompt returns were made on both cases, which are now formally docketed for arguments later on. In the case of the bank suit, Mr. Aiken claimed error on the ground that the jury had been wrongly instructed and that certain testimony in favor of the defendant had been excluded. The bank sued Mr. Conway for correction of notes bearing his endorsement and the jury awarded the bank \$20,000 damages. In the case of Miss Sally, the city maintained the view that it was not liable for damages caused by a tripped water meter and hurt her knee.

A touching feature of Thanksgiving in Danville today was the visit made by numerous children of the city schools to the four children who are inmates of the special juvenile ward at that institution. This morning several groups arrived bearing to the little inmates remembrances, such as toys, books and a quantity of fruit all of which was greatly appreciated by the children. The older patients were also well remembered, turkeys and delicacies of the season being taken in abundance to those fighting for restored health.

Thanksgiving services in the Danville churches were well attended and embraced all of those features to be found at this season of the year. Churches which during the Summer months unite for evening services, joined hands on this occasion and the congregations assembled at Main Street church where Rev. James M. Shelburne preached an appropriate sermon, consistent with Thanksgiving. At Shelton Memorial Presbyterian church, Rev. C. J. D. Parker, pastor of Moffett Memorial church, preached at a joint service. The Lutherans gathered at their house of worship on Sutherland avenue where the pastor, Rev. J. W. Link, preached.

## ELECTION OF COOLIDGE FIRST PREDICTED IN 1899

(By The Associated Press.) WASHINGTON, Nov. 27.—Election of Calvin Coolidge as president was first predicted, White House officials believe, by the late T. G. Spraulding, of Northampton, Mass.

A clipping from the Hampshire County Gazette of November 1, 1899, quoted Mr. Spraulding as believing "Lawyer Coolidge" some day would be elected president. The clipping was sent to the White House recently by a Northampton man.

It was there he started on his political career as a member of the common council.

The Gazette clipping reads: "Clark and Parsons' drug store is the chief headquarters for most of the republican politicians these days. It is said that many nominations are started there. Among these is Lawyer Coolidge who is planning on running for common council." T. G. Spraulding says of him that he "will one day be president."

## Wife Tells of Affection Between Pair—Girl Overheard to Say "Things Do Not Look So Good."

(By The Associated Press.) SAN BERNARDINO, Calif., Nov. 27.—Whisper of hair, bloodstains and the fragments of intercepted telephone conversations today marked the trail which authorities hoped might lead to a solution of the slaying of William R. Fee, Alhambra and San Gabriel river president, whose body was found in Little Creek canyon Tuesday, one half mile from his mountain cabin. A coroner's jury last night found that Mr. Fee met with a violent death at the hands of unknown persons whose treatment of the banker caused a fracture of the skull.

Miss Mary F. Watkins, 26, of Alhambra, secretary of the San Gabriel water company, president of the board from where Mr. Fee's body was found, was the principal witness. Mrs. Fee, widow of the banker, also testified, saying that he left to repair a radio aerial and did not return. Mrs. Fee said she had quarreled with her husband often because of the affectionate position Miss Watkins held in his life. As she left the stand facing Miss Watkins she fell in a faint.

While the quest was in progress, deputy sheriffs found a bloody handkerchief in a cabin near where the body was found.

In the blood clots on the handkerchief were three hairs, apparently from a man's head, and another of different color apparently from a woman.

Joseph Walker, who, with Miss Polly Bell and Paul Kennedy, motor-ed to Little Creek last Saturday night, Miss Watkins was questioned by the sheriff. Miss Watkins testified she had no knowledge of happenings to Fee until he was reported missing.

## DAY QUIETLY OBSERVED IN WASHINGTON

Church Services Dominant Note In Observance of Thanksgiving

(By The Associated Press.) WASHINGTON, Nov. 27.—The national capital laid aside official duties today to join the Thanksgiving day tradition that has come down from the Pilgrim fathers.

Church services were the dominant note of the day's observance for the household at the White House and for the other official families of the capital, while the thousands of soldiers and sailors were free to observe the day as they wished by the closing of all departments and bureaus.

Attending services in the morning at the First Congregational church, President and Mrs. Coolidge had a quiet program for the rest of the evening with Mr. and Mrs. Frank W. Stearns, their guests. Gifts of turkeys and various delicacies from friends and neighbors had amply supplied the White House table for the occasion.

### QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force you to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 15c and 30c.

### Facts About Child-birth

It has been proven conclusively that much of the suffering, pain and dread experienced during pregnancy, as well as at child-birth is entirely unnecessary.

An eminent physician, Dr. J. H. Holmes, expert in this science, first produced the great remedy "Mother's Friend," which aids the muscles and tissues to expand more easily, during the constant readjustment, month after month, right up to the climax of child-birth.

"Mother's Friend" is applied externally. Three generations of expectant mothers have used it. "Pains disappeared in two days after using 'Mother's Friend,'" writes a user. "I owe my life to 'Mother's Friend,'" declared another. Use "Mother's Friend" as our mothers and grandmothers did, start today and experience the wonderful comfort it will give you.

MR. CLIFF MISKA

Salesman For Skin Cream

Learns How To Clear Up Pimples

Mr. Cliff Miska, of 395 Ninth Avenue, Astoria, L. I., writes: "I was a salesman of creams for healing pimples, blemishes, etc., but when my face broke out with blotches, pimples, and blackheads I tried one salve after another with no permanent results. I found it as impossible to sell skin cream as a bald headed man finds selling hair tonic. Finally I decided I would have to get at the cause—the blood. I was amazed to find that within a few days after taking Carter's Little Liver Pills, my skin took on a new healthy look, blemishes started to disappear, and I felt like a new person all around. Now I know what to do when I have a pimply skin, you bet." This old reliable remedy treats such complaints in a safe way. ## DANVILLE EDUCATORS AND MINISTERS TELL WHY WE SHOULD OFFER UP THANKS

DR. CHARLES G. EVANS, PRESIDENT OF RANDOLPH-MACON INSTITUTE—For bountiful harvest, increased business activities, increased public conscience, a brighter outlook for international peace, relief of political turmoil for another four years, a deeper interest on the part of our country in world affairs, these and many other reasons are things we have to be grateful for.

Despite calamity howlers, who talk of unemployment, a chance for every honest laborer to earn a living in this country, is available.

DR. JAMES P. CRAFT, PRESIDENT OF AVERETT COLLEGE—Our thanks should be given because there are so many hearts fixed on the eternal values even in this day of materialism.

Further encouragement is offered in the fact that when such unprecedented advances are being made in the physical sciences a corresponding effort is being made to master the social problems of individual life, of the nation, and all mankind.

By those of vision, the kingdom of Heaven, which Jesus Christ proclaimed, is seen to be a practical possibility for our lives, here and now.

REV. DR. M. S. TAYLOR, RECTOR OF EPIPHANY EPISCOPAL CHURCH—Mindful of the reason for the thanksgiving 203 years ago, let us heartily thank Our Heavenly Father for bountiful crops and prosperity wherewith He has so richly blessed us.

And let us especially thank Him for the high privilege which He gives to us of administering these His gifts for the benefit of others.

May God help us as a nation during the coming year to discharge our stewardship acceptably unto Him.

COL. W. M. KEMPER, COM-

MANDANT OF DANVILLE MILITARY INSTITUTE—For the manifold blessings bestowed on us as individuals and as a nation, the past year, we ought to stop a short while and truly offer up thanks to Him who is responsible for our bounty.

This day was established many years ago to give public thanks. In this day of overwhelming materialism, we should not let the meaning of this day escape our mind. We have today, more reasons than the Pilgrim Fathers to offer up thanks. The great progress in education, science and arts, which makes it possible for us to live a fuller and more satisfying life is something truly to be grateful for.

REV. C. J. JOHNSON, PASTOR GRACE M. E. CHURCH—We give thanks unto the Lord for a continuance of His tender mercies toward us. The year has been one of blessing. We realize more and more that God is the Giver of every good and perfect gift.

# Many Important Grid Fights Expected This Afternoon

## UNIVERSITY OF VIRGINIA AND NORTH CAROLINA TO MEET IN 29TH RENEWAL

(By The Associated Press.)  
CHARLOTTESVILLE, Va., Nov. 27.—The University of Virginia and North Carolina staged their twenty-ninth renewal of the annual gridiron clash here today before a crowd that packed every nook and corner of Lambeth Field. The day was clear and crisp, ideal weather for the players and just chilly enough to make the spectators wear their heaviest wraps and to move about occasionally.

The Tar Heel squad arrived here this morning from Lynchburg, where they spent last night and where they went through a light workout yesterday afternoon. The Cavaliers finished the game with a score of 14 to 0. The Tar Heels began to pull last evening. The coaches of both teams, while not over confident, expressed high hopes over the outcome of the contest, on which depends whether either team will be regarded as having a successful season or a mediocre one. Each team has won four games this season and lost just as many and both are hopeful of the victory today that will

## Richmond Spiders and Indians Meet IN 36th Contest

(By The Associated Press.)  
RICHMOND, Va., Nov. 27.—The University of Richmond and the Indians renewed their gridiron battle here today under a clear sky and fresh wind that put pep into both players and spectators. It was the thirty-sixth contest between the two teams and although the spiders' performances favored the Indians to take the closing classic on their schedule, the spiders' players were confident of an upset. Richmond has won twenty-three and William and Mary has won eleven of the thirty-five contests played since 1898 and two have resulted in ties. The Indians, victors last year, expect to make it two straight today while the spiders are hopeful of maintaining their almost 3 to 1 advantage in games won.

## Sues For \$20,000 But Gets One Cent

(Special to The Bee.)  
WENTFORTH, N. C., Nov. 27.—Frances Talley who recently instituted suit in the Superior court here to recover \$20,000 damages from Alexander Sands, formerly sheriff of Rockingham, was awarded one cent today by the jury which heard the case on Tuesday. Talley in his suit charged that nearly two years ago during a street fracas in Raleigh the former sheriff "beat" her and asked for damages. The jury in return rendered its verdict for one cent, this constituting a moral victory for the plaintiff assessed the costs in the suit against the former sheriff.

## Much Interest In Today's Contests In the Middle West

(By The Associated Press.)  
CHICAGO, Nov. 27.—A touch of football fever to the mid-west's Thanksgiving festivities was given today by interschool conflicts, one of them international note.

Canadian and American interest followed the teams of the University of Detroit and McGill of Toronto, meeting in Montreal a game one-half of which was under American rule and the other half under Canadian.

Marquette, with a three years' undefeated record up to this year, had Vermont as a guest in the midwest. Nebraska, undefeated, honors against the Pacific coast represented by the Oregon Aggies at Lincoln. Western Reserve and Tufts met in Cleveland.

## Quakers' Hopes Will Be Tried Severely Today

(By The Associated Press.)  
PHILADELPHIA, Pa., Nov. 27.—Pennsylvania's hope for eastern gridiron championship honors and its first undefeated football team in 45 years will be severely tried this afternoon when the Red and Blue meets Cornell in their annual Thanksgiving day game. Despite defeats at the hands of Williams, Rutgers and Dartmouth, the Red and Blue were expected to give the undefeated Quakers the battle of their lives.

With a record of 8 wins and a tie, Pennsylvania is favored to win.

## Princess' Body Found In River

(By The Associated Press.)  
ROME, Nov. 26.—The body of Princess Siphone Borghese was found today in the waters of Lake Garda. The princess was drowned Tuesday when she fell in the lake while picking flowers.

Mrs. Norine Bennett, Miss Inez Stanford and Mr. Burton of Winston Salem and Miss Theo Vaden of this city, motored to Charlottesville this morning to attend the Virginia-Carolina football game this afternoon.

Algernon Turner, a student of William and Mary College is spending the Thanksgiving with his parents.

## MAN MURDERED WITH AXE WHILE ASLEEP

(By The Associated Press.)  
PLAINFIELD, N. J., Nov. 27.—George H. Davey, an accountant about 50 years of age, was slain with an axe while asleep in his home early today and his wife and daughter who were attacked and seriously injured. Mary Kuzniak, a servant, was arrested on a charge of murder.

## V. P. I. ELEVEN TACKLES V. M. I. SQUAD TODAY

### State Rivals Play Before Record Breaking Crowd In Virginia

(By The Associated Press.)  
ROANOKE, Va., Nov. 27.—Two hunky football eleven, the Virginia Polytechnic Institute of Blacksburg, and the Virginia Military Institute of Lexington, locked horns for the twenty-second time today meeting on the striped sward at Maber Field. The biggest crowd that ever witnessed a football game in Virginia is on hand for the occasion.

The most discouraging factor relative to today's celebration is the state of the weather. A fog has draped the city and there is every indication of an afternoon drizzle. Last year this gridiron affair was settled in a huge quagmire and thousands of persons who sat in the open spaces of the wooden bowl received the drenching of their lives. The experts who have followed both teams are of the opinion that the eleven will take the field "all square."

The cadets average four pounds to the man heavier than the Techmen. V. M. I. averaging 172 pounds, V. P. I. 168 pounds.

The line-up:

V. M. I.	Position.	V. P. I.
Barkeley	Left End	Nutter
Hope	Left Tackle	Graham (C)
McCracken	Left Guard	Frey
Ferguson	Center	Moran
Hammond	Right Guard	Ray
Clements	Right Tackle	Greene
Faine	Right End	Bailey
Caldwell	Quarterback	Roberts
Watts	Left Half	Rutherford
Harmeling	Right Half	De LaBarre
White	Fullback	Moss

Officials: Referee, Magoffin (Richmond); umpire, Donnelly (Trinity); head linesman, Gooch (Virginia).

British Arrest Egypt Officials  
(By The Associated Press.)  
CAIRO, Nov. 27.—The British military authorities early today arrested Nekrasch Bey, secretary at the ministry of the interior in Zaglar Pasha's ministry, one of Zaglar's closest political assistants, together with a prominent member of the nationalist delegation who visited London with the "former premier."

The men, it is understood, were surprised in their beds and were taken to an unknown destination.

## Another Minister Arrested

(By The Associated Press.)  
LONDON, Nov. 27.—Barakat Pasha, minister of the interior in Zaglar Pasha's cabinet, has been arrested by British according to an exchange telegraph despatch from Cairo.

## Stribling Fights Harry Foy Tonight

(By The Associated Press.)  
ATLANTA, Ga., Nov. 27.—Young Stribling, pride of Georgia, and Harry Foy, of Louisville, will battle here tonight before a crowd which is expected to break all previous records for local attendance. Indications point to a sell out before the going rings, starting the two light heavyweights on their ten round journey.

Stribling has worked hard in preparation for the bout, seeking to decisively defeat Foy, who in a previous fight in Louisville held the Georgian almost even in a ten round bout.

## Mayor Dobie to Speak Tomorrow

Maj. A. M. Dobie, of the Law Department of the University of Virginia, will speak before the members of the Wednesday Club tomorrow afternoon, at 3:45 o'clock, under the auspices of the Literature Circle, of which Mrs. W. W. Ayres is chairman. Maj. Dobie's subject will be "Music and Its Relation to General Education."

## ONE DRAWBACK

Father—I never kissed a girl until I met your mother. Will you be able to say the same to your son when you become a married man?

Son—Not with such a straight face as you can, father.—Tit-Bits.

## COMMITTEE ON RACE RELATIONS MEETS

(By The Associated Press.)  
ATLANTA, Nov. 26.—At a meeting of the Georgia committee on race relations held here today A. R. Lawton of Savannah was elected chairman to succeed the Reverend M. Ashby Jones, D. D. Announcement was made of the employment of Clark Foreman, of Atlanta, as executive secretary. Mr. Foreman, a nephew of Clark Howell, editor of the Constitution, is an alumnus of the University of Georgia and of Harvard.

Mr. Foreman takes the place formerly filled by Dr. F. J. Woolter, Jr., who has been assigned the wider task of promoting the study of race relations in southern colleges.

Dr. and Mrs. S. D. Kent, Miss Eleanor Guernsey and David E. Graham, Jr. are attending the football game in Roanoke today.

## Veteran Star Passing

E. V. GARBISCH

This will be the final year for Garbisch, West Point's great center. It will be his eighth season in college football, having played four years at Washington and Jefferson before entering West Point. In the Yale game, which ended in a 7-0 tie, the battle between Garbisch and Lovejoy, Yale's great captain and center, featured the game. Garbisch is confident of closing his college grid career by a decisive victory over the Navy.

## BLOOD SPATTERED BOAT LEADS TO ARREST OF FIVE

(By The Associated Press.)  
SEATTLE, Wash., Nov. 27.—The liquor laden gasoline boat Beryl G. found adrift and abandoned off the San Juan islands, sixty miles north of Seattle, with blood spattered decks and sides has led to the arrest of five men in connection with the hijacking operation and the killing of Captain W. G. Gillis, master of the vessel, and his son, William, 17.

The case assumed an international aspect today when the attorney-general at Vancouver B. C. retained special counsel to prosecute those under arrest and Canadian police officials offered a reward of \$2,000 each for the arrest of Owen "Cannon Ball" Baker, said to be an ex-convict and Harry W. Sowash, reputed liquor dealer.

Baker and Sowash are sought to stand trial with the five now under arrest, four here and one in Vancouver.

## Told Burglar To Shoot But He Ran Instead

(By The Associated Press.)  
RALEIGH, N. C., Nov. 27.—"Stick 'em up," commanded a holdup man as he stuck a revolver in the face of William Stronach, a grocer as the grocer was checking up the cash at his store in the business section here late yesterday.

"I mean business," the robber asserted Mr. Stronach. "Hand me that money."

"Go ahead and shoot then," the grocer retorted. "I'm not going to give you this money."

Mr. Stronach shouted for the police and the stranger with the gun fled.

## OFFICER FIRED: BLAMES SUPERIOR: MURDER

(By The Associated Press.)  
XENIA, Ohio, Nov. 26.—Cliff W. "Tacks" Latimer, former major league baseball player, pleaded not guilty of first degree murder late today when arraigned before a magistrate in connection with the killing of Charles Mackrodt, 52, former lieutenant of Pennsylvania Railroad police here. Latimer was held to the grand jury without bond.

The shooting followed months of enmity between the two men, precipitated when Mackrodt resigned from the railroad police force. Mackrodt is said to have blamed Latimer for the difficulty which caused him to leave the railroad police service. This morning Mackrodt met the former ball player and is said to have started the argument which ended with the fatal shooting.

## GENERAL AND N. C. STATE MEET AT RALEIGH, N. C.

(By The Associated Press.)  
RALEIGH, Nov. 27.—The football teams of North Carolina State and Wake Forest met here today for their climactic game at Riddicks field here. Both are to be in fine trim, neither team taking a chance of having a man injured during the past week in a scrimmage. They held their practice to signals and some dummy practice. The Generals were in Durham Friday for their last practice and will arrive at Riddicks field shortly before the game.

Washington and Lee has not met defeat at the hands of a conference team this season.

The Generals are favored to win, although the fans think the State men will show considerable opposition.

## MOST EXCITING DAY OF FOOTBALL OF EAST TODAY

(By The Associated Press.)  
NEW YORK, Nov. 27.—Eastern football, its nerves wrecked, will gasp twice today and die.

Fifty thousand are at the bedside in Philadelphia to pay tribute to a stirring gridiron season of 1924. Pennsylvania, brandishing its only undefeated eleven in nearly a score of years, enters Franklin field determined to crush its ancient enemy from Ithaca, which is only a "10 to 1 shot" in the words of that gloomiest of all coaches, Gilmour Doble, undoubtedly, is stretching a point, for the Cornell players, even in defeat, have played many points behind opponents' goal posts. Their scoring has been in touchdowns, not field goals.

Pennsylvania has profited greatly by the clever left foot of Al Kreuse, a capable kicker from any point in enemy territory. Three times the Quakers have kept their skins washed by the margin of three points and in two cases a field goal was the deciding factor, Cornell rolled up 91 points

against Susquehanna. Pennsylvania negotiated 68 against Drexel. Cornell plowed through the stout Dartmouth defense for two touchdowns after long advances down the field. Pennsylvania has not encountered opposition of the calibre furnished by Dartmouth.

At Providence the Bears of Brown are prepared for the Colgate invasion. Colgate has accumulated 212 points to 74 for its opponents. Brown's record shows 134 to 59.

Other interesting clashes in the east include the battle between West Virginia and W. and J. at Morgantown, the Syracuse-Columbia tilt at the Polo Grounds, the Pittsburgh-Penn State argument at Pittsburgh and the University of Vermont-Marquette game at Milwaukee.

The Navy and Army will have the spotlight for the annual meeting Saturday at Baltimore. On the same day Holy Cross meets Boston college at Boston, Georgetown faces Fordham at the Polo Grounds and Notre Dame and Carnegie Tech lock horns at Pittsburgh.

## ARMY OBJECTS TO ONE YEAR ENLISTMENTS

(By The Associated Press.)  
WASHINGTON, Nov. 27.—Army objects to the law requiring that one year enlistments be accepted for the recruit perfer that term rather than a three year "hitch" are reiterated in the annual report of Major General Robert C. Davis, adjutant general, made public today.

The service of a one year man seldom be utilized to advantage in the training of others," General Davis pointed out for the reason that he himself has not become sufficiently well trained for the purpose. Neither of these short term men available for service in overseas garisons because of the necessity of transporting them thither and then back again for discharge within the year.

## Claim Such Services Cannot Be Utilized to Advantage

Recruiting apparently would not suffer through the reduction of the one year enlistments, the report says. In the face of many handicaps, including the now modified legal requirement that parents consent before their sons are drafted, more than 77,000 recruits or re-enlistments were obtained during the year, and the report states it has been demonstrated that the army could readily be brought to its authorized strength of 135,000 if Congress provides payments for that number.

## GAMES IN EAST, SOUTH AND WEST END SEASON

(By The Associated Press)  
NEW YORK, Nov. 26.—The championship hopes will be at stake in the east, south and middle west tomorrow in the Thanksgiving day programs which mark the close of the midwinter season in many sections. Although western and middle east conference title races have been conducted, football fans anticipate keen battles in the east, where Pennsylvania's undefeated eleven will make its final bid for title honors by facing Cornell in the south, where Georgia and Alabama, both undefeated and the former answered up on so far struggle for southern conference honors; and in the middle west where Missouri University's hold on the top in the Missouri valley conference race depends upon the outcome of her game with Illinois. All three of these games will hold unusual sectional interest in a day which also marks the renewal of many ancient rivalries. In the east, besides the Cornell-Pennsylvania game, which goes back over 30-year period of conflict, additional focus is met in the West Virginia-Washington and Jefferson contest at Morgantown and West Virginia, and in the Pennsylvania-Pittsburgh battle at Pittsburgh. The middle west has two important inter-conference games, with Vermont playing Marquette at Milwaukee while the Oregon Aggies invade Lincoln to play Nebraska. Florida and Drake clash at Gainesville, Fla., in an inter-sectional fray involving the south and mid-west. Pennsylvania, with a record of eight victories and a tie game with Penn State, will be a favorite to defeat Cornell and end the big Red's 3-year march of victory at Franklin Field, but the Quakers anticipate a rugged battle. The outcome will determine whether Pennsylvania is to share leading honors with Dartmouth and Yale, the other major undefeated teams. West Virginia and Penn State probably will be favorites in their contests with W. and J. and Pittsburgh, but experts expect closely fought contests in both cases. Brown figures to conquer Colgate at Providence and Syracuse invading the Polo Grounds, is expected to defeat Columbia but again the rivals are well matched and it would not be surprising to many critics if opposite results occurred. A novel game will be played in Detroit where the University of Detroit will clash with the University of McGill of Toronto. One half the game will be decided under American rules and the other half under Canadian. Other headlines tomorrow are: Auburn at Georgia Tech, Tulane at Louisiana State and Washington and Lee at North Carolina State.

## Sales Completed Before Holidays

By strenuous exertions and co-operative effort on the part of warehousemen, buyers and auctioneers yesterday, the large quantity of leaf tobacco on the auction warpage was finally disposed of before the closing hours for sales, with the result that no hang-over was left to accumulate for next week, which will probably present its own problems for all concerned. The heavy receipts of tobacco during the abbreviated sales week were usually the result of a more or less general decline on the part of many growers to realize some money from a sale of part of their crop in order to purchase then needed supplies and also partially of a purpose to sell while the demand was well maintained and prices at the high peak. Total pounds sold yesterday are estimated at 500,000, with nearly a million and three quarters sold in the three days of the current week. That the quantity thrown on the market during the first half of the week did not abate the demand is attested by the fact that one warehouse yesterday estimated its average price for the entire sale at no less than 27 cents per pound, and probably the week's averages will exceed 25 cents. Suspension of sales today, tomorrow and Saturday will give the warehousemen and the buyers a sorely needed respite, and the holiday will also be enjoyed to the limit by the growers and the agricultural population generally. When sales are resumed on Monday it will probably mark the beginning of a long period of heavy marketing extending without marked abatement until the Christmas suspension and the beginning of the New Year. The ascending average of prices on auction offerings not only indicates that a good quality of tobacco is being marketed, but that the buyers are able to handle a large quantity and that the demand for the workable grades is unabated by quantity marketing.

## Co-Operatives In Both States Win

(From T. G. C. A. News Bureau)  
RALEIGH, N. C., Nov. 26.—The courts of two States this week sentenced farmers to jail for contempt of court due to continued violation of their contracts with the Tobacco Growers Co-operative Association, following injunctions restraining them from delivering their 1924 crop outside of the co-operative floors. In Halifax county, Virginia, Judge William H. Barksdale, holding circuit court at Halifax, sentenced Willie H. Coates to 30 days in jail, with a fine of \$5.00 and the costs of court for delivering his tobacco to the auction floors in the face of an injunction and restraining order which had been issued early in the fall by Judge Barksdale. On the following day, Roy Arrington, of Surry county, N. C., was given a sentence of 20 days in jail with a fine of \$25.00 and cost for a similar offense by Superior Court Judge T. E. Finley, of the Seventeenth judicial district of North Carolina, holding court at Wentworth, Rockingham county. In this case Judge Finley ordered a capias to issue for execution of a sentence upon failure to observe all provisions of the restraining order. The tobacco association has established a remarkable legal record with in the past six weeks, according to W. T. Joynt, assistant attorney at Raleigh. Out of 75 jury cases, the association has gained favorable verdicts in every one. During the past six weeks it has also secured 44 injunctions in North Carolina and 19 in Virginia, restraining contract breakers from delivering their 1924 crop outside of the association. In five contempt cases argued by attorneys for the association four have resulted in jail sentences and another in a fine of \$100 and costs. Among the results gained by the association's recent string of legal victories are the rulings that a mortgage is no defense against the performance of the association's contract by its members; the decision that a member who failed to sign the contract but authorized another to do so shall be held strictly accountable for all of its terms; an injunction in Person county, N. C., which establishes the point that a member who repels his tobacco land for cash rent may be required to pay liquidated damages for tobacco grown upon it, which is delivered outside of the association. The tobacco association is more active today in protecting its members against any breaches of contract than at any time in its history, according to its attorneys.

**TED LEWIS LOSES**  
EDINBURGH, Scotland, Nov. 26.—Ted (Kid) Lewis, former welterweight champion of the world, tonight lost his title to Tommy Milligan, the Scottish champion, on points in a 20-round bout. Milligan hailed from Hamilton Scotland.

## Turner Is Winner Over "Kid" Ellis

The wrestling bout, moved up from Friday until Wednesday evening for this week, attracted a vast audience of nearly four hundred to the armory amphitheatre last night, and the stirring and strenuous struggle between two skillful exponent of the mat game was cheered and applauded throughout. The feature of the program, of course, was the match between Joe Turner and "Kid" Ellis, the latter known here chiefly through his recent service as a referee. Turner had been seen here before and his skill and prowess were generally known while little was actually known as to the abilities of Ellis. As it was, those present saw one of the most skillful and brilliant exhibitions of the sport ever shown here. While Turner apparently was slightly the heavier, he found Ellis a man who in strength, knowledge of the art and wiles of the wrestler and in endurance and agility an opponent who put the former champion to his utmost powers to win the odd fall. Turner had a long and trying struggle with the first fall, it requiring 32 minutes to do it, and during these minutes both contestants several times seemed desperately near being pinned to the mat before this was actually accomplished. Turner repeatedly essayed a toe-hold, but Ellis was too impetuous to join and difficult to twist and he repeatedly eluded such a hold. The two rolled all over the ring, and several times almost out of it, and both exhibited a quickness and speedy foot-work which made it difficult to attain a decisive or winning hold. Finally, after more than forty minutes of hard work during which he himself suffered much from the iron grip of Ellis and his terrible clutch in a head-hold, Turner finally secured a clutch-hold by means of which he forced Ellis to the mat. After a breathing spell, the two went at it again, apparently as fresh as at first. This fall illustrated many holds and the possibilities of wriggling out of them. Ellis in one position showed his remarkable grip when he got hold of both the small fingers of Turner and for fully five minutes defied him to break the crushing hold. After 18 minutes during which both tried every means at his disposal, Turner vainly trying a head hold or a choke, Ellis secured a body-scissors and forced Turner to the mat. The third and decisive bout was won by Turner after 25 minutes of struggle in which both tried every expedient known to them. Turner got a sudden head-hold on a again forced Ellis to the mat. Up to the instant when the hold was attained, it seemed that either man might win and that the element of chance figured in the victory for Turner as well as his remarkable quickness and skill. Ellis demonstrated surprising strength in arms and shoulders by rising literally from the floor and bring his opponent to a standing posture with him, even when Turner seemed to have him securely pinned down. Few men have shown greater muscular strength in fingers and hands than did Ellis last night. Mr. Hall, of Schoolfield, was referee and his work won the approval of the spectators and a copped admission of its fairness by the contestants. Preceding the real match was a free-for-all slugfest in which five small negro boys indiscriminately participated, pouring each other about the ring furiously to the yelling amusement and delight of the crowd. Another preliminary was a clever three-round boxing bout between Harry Martin and Jess, two local exponents of this skill. While there was no miking it and little landing of hard-telling blows, both showed how to parry and how to punch, and the advantage was so uncertain that the referee adjudged the bout a draw.

## Army Practices On Muddy Field

(By The Associated Press)  
WEST POINT, N. Y., Nov. 26.—A secret work-out wound up Army's preparations for the Navy game today. The field was muddy and the going heavy but the coaches drilled the men for over an hour, devoting much time to the Army's offensive during which there was a long kicking scrimmage and a sharp signal drill. The departure of 38 players, coaches and trainers is set for tomorrow morning. They will arrive at Baltimore in time to witness the game between Johns Hopkins and Maryland University.

ANAPOLIS, Md., Nov. 26.—Football enthusiasm is running high in Annapolis as the squad of midshipment athletes put in their final days of practice for the annual interservice clash with the West Point cadets in the Baltimore stadium next Saturday. Confidence steadily is growing here that the middies will emerge victorious notwithstanding mediocre early season performances. Today the Middies were put through another lengthy drill, every element of play coming in for a share of attention, forward passing offensive as well as defensive being specialized.

**YALE BASEBALL SCHEDULE**  
(By The Associated Press.)  
NEW HAVEN, Conn., Nov. 26.—The Yale baseball schedule for 1925 announced shows 37 games, a cut of six games from the number played this year. Yale's Southern trip games, to be played during the eastern vacation will be confined to Washington and Richmond. West Virginia is the only new team on the 1925 schedule.

**DAILY PUZZLE**  
Seven caddies went hunting for golf balls, and found four in six hours. Later, 21 caddies started hunting for lost balls, and experienced the same rate of success, but they only found on golf ball. How long did they loo? Yesterday's answer: 13485/26970 = 1/2

When the nine digits and the cipher are arranged as shown above they form a fraction equal to 1/2.

## Notre Dame Is Great Attraction

By NEA Service.  
NEW YORK, Nov. 27.—Already several of the leading colleges of the country have decided on drastic changes in their schedule for next season. Princeton was the first to announce the change by failing to renew its two-year agreement with Notre Dame. Apparently the Tiger management feels that so strong a team as Notre Dame is too tough an opponent for Princeton early in the season. Instead of meeting Princeton, Notre Dame will take on Pennsylvania at Philadelphia. A number of spectators and coaches were anxious to book Rockne's eleven when the Princeton game was called off, but Penn got the call. Pennsylvania after getting much publicity over the Notre Dame game, got some more with reverse English for dropping Lafayette. Penn defeated Lafayette 6-3 this year in one of the hardest games of the season. These two colleges are natural rivals. As yet Penn has offered no logical reason for the cancellation. On the Pacific coast there will be a big change. Since both California and Stanford have cut Southern California, the rivalry between these three schools will be greatly lessened. Southern California, representing that section of the state, made a strong sectional rivalry for the two northern schools, California and Stanford.

## PETERSBURG LOSES HOPE OF FRANCHISE

(By The Associated Press.)  
PETERSBURG, Nov. 26.—All hope of Petersburg regaining its franchise in the Virginia league vanished today when big Ed Konetchy, manager of last year's Goobers team and one of the leaders in the movement to bring the team back here next year, announced this afternoon that he was through with the proposition.

## MILLION DOLLAR GIFT FOR DRAMATIC SCHOOL

(By Universal Service)  
NEW HAVEN, Conn., Nov. 26.—A gift of \$1,000,000 for the establishment of a department of dramatic art at Yale by Edward S. Harkness of New York City was announced yesterday at the University. The gift will provide in addition for the construction of a student theatre and the financing of student plays. At the same time it was announced that Professor George Pierce Baker of Harvard whose "English 47" has been famed as a dramatic work shop will take charge of the new department to be created at Yale. Professor Baker's resignation has been accepted by Harvard.

## HOLDS BOOTLEGGER ABLE TO PAY BIG ALIMONY

WHITE PLAINS, N. Y., Nov. 26.—Because Thomas C. Craven is a bootlegger he is able to pay \$1,000 monthly alimony and \$1,000 counsel fees to his wife, Mrs. Elsie B. Craven, of Pelham Manor. Justice Taylor was told in the supreme court here today before he adjudged Craven in contempt of court for failing to make remittances to Mrs. Craven and directed Sheriff Arthur S. Maudlin to lock him up.

"What's this man's occupation that he can pay \$1,000 a month alimony and \$1,000 counsel fees?" Justice Taylor asked the lawyer.

"He's a bootlegger, your honor," Burdman replied.

## VICE PRESIDENT-ELECT QUILTS THE HOSPITAL

(By The Associated Press.)  
CHICAGO, Nov. 26. General C. G. Dawes, vice-president elect, left the Evanston hospital today and was taken to his home, where he is preparing to take an important part in the disposal of a turkey dinner for members of the family tomorrow. The general was feeling well, his secretary reported, and had been looking forward nearly all the time since his operation for hernia ten days ago, to spend Thanksgiving at home. Mr. Dawes probably will remain in bed most of the time for a day or two and will attempt to remain quiet for a few days, although no adverse effects from the operation are anticipated.

DIRECTOR TO SAIL TO HAWAII NEXT YEAR  
(By The Associated Press.)  
WASHINGTON, Nov. 26.—Secretary Wilbur said today the only definite decision made so far with respect to the future employment of the navy air cruiser Shenandoah or the "peace ship" Los Angeles was that the Shenandoah would go with the fleet to Hawaii to participate in the maneuvers in that area next year.

The secretary indicated that the airship tender Patoka which is equipped with a mooring mast, would be sent with the fleet to the Hawaiian Islands, to act as a movable base for operations for the big air cruiser. With reference to the tentative program for sending the Los Angeles to Hawaii, the secretary said that the navy department was of the opinion that the ship would be sent to Hawaii to participate in the maneuvers in that area next year.

The report of a special board recommending these two cruises to develop the commercial possibilities of such craft still is in the hands of the officers of the Los Angeles and their colleagues at the Lakehurst naval station.

\$7,000,000 HAVE FOR ST. JOHN THE DIVINE  
NEW YORK, Nov. 26.—Work will begin in the spring on the \$7,000,000 nave of the Cathedral of St. John the Divine here, which, when completed, will be perhaps the largest and most beautiful protestant edifice in the country.

Bishop William T. Manning announced the coming work on the nave at a meeting of 39 ministers of all denominations today. He also told of receiving a check of \$200,000 from Miss Mary Cordina Thompson of this city, which will be applied to the cost of construction.

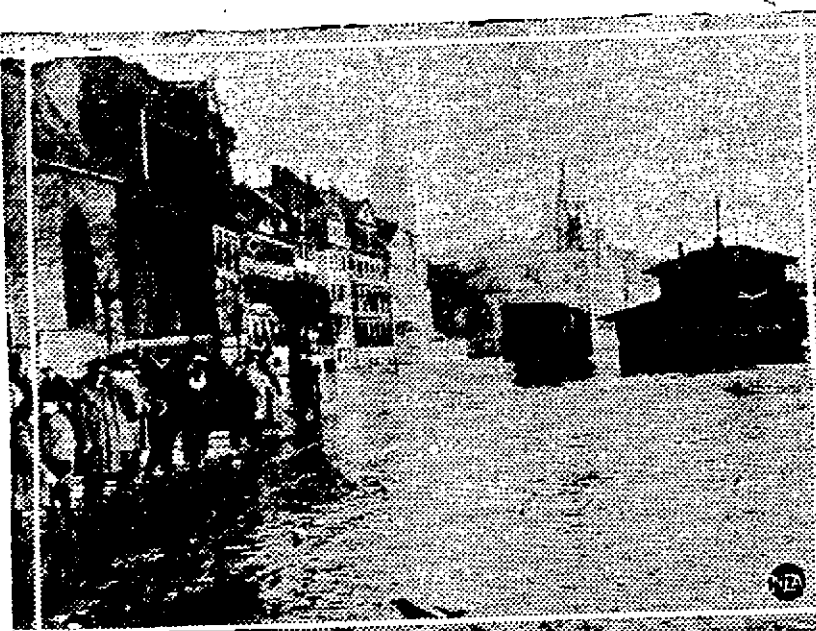

"Miss Thompson's is the largest gift made to the cathedral fund since the Stuyvesant family gave \$250,000 for the Baptistery," Bishop Manning stated.

"We now have about \$3,000,000 in actual gifts and pledges."

## FORGERS, CROOKS CLEAN UP \$1,000,000 YEARLY

(By Universal Service.)  
NEW YORK, Nov. 26.—Forgers, check raisers, and other crooks who make a living by passing worthless commercial paper, clean up \$1,000,000 annually, according to the Metropolitan Casualty Insurance company, in a statement issued today.

A nation-wide campaign is under way to reduce this total. One of the latest suggestions is the plan of the Metropolitan Casualty company.

It will put in force reduced schedules of premiums for insurance against forgery and check raising which will be available to all who use certain types of machines for writing out their checks. These machines print the amount to that it cannot be changed. Those who use paper on which no erasures can be made without showing will also receive special rates.

FANCY APPLES BRING 90 CENTS IN BERLIN  
BERLIN, Nov. 10.—(By Mail.)—Fancy apples in the first-class shops have been selling here this fall as high as 90 cents apiece. They are from France, without blemishes, and apparently raised with great care.

American apples, chiefly from the Pacific northwest, were retailed here a year ago in great quantities, but yet none has appeared this season. Dealers say the holidays and the choicest ones will probably sell for 10 or 15 cents apiece. Ordinary apples, however, German-grown, may be purchased from the push-cart dealers in the streets for from 10 to 15 cents a pound.

An English inventor has devised a canvas bed with an iron frame that can be folded to about the size of a golf bag.

## 'BEAN KING' WILL BE RETURNED FOR TRIAL

(By The Associated Press.)  
ALBION, N. Y., Nov. 26.—Sheriff Horace Kelsey and Deputy Charles Kellogg, who left last night for the south to bring Lewis E. Sands, bankrupt "bean king" arrested in Tampa, Fla., back to Albion to face a first degree grand larceny charge, will go direct to Tampa for their prisoner, Sheriff Spencer, of Tampa having declined a request of the local authorities to take Sands to Atlanta to meet them.

The Orleans county grand jury meets Monday and it was the purpose of District Attorney William A. Munger, arrested on a forged warrant, will be presented to the grand jury Monday and that Sands will be taken before the jurors as soon as he arrives from the south.

## Bills to Be Taken Up in Congress

(By The Associated Press.)

WASHINGTON, Nov. 26.—A tentative legislative program for the House for the first four days of the approaching session of Congress was outlined today by Representative Longworth of Ohio, the Republican floor leader. He said the House convening next Monday, probably would authorize the speaker to appoint a committee to serve with a similar senate committee to notify the president that Congress was ready to transact business, and then adjourn out of respect to members who have died since the last session.

Tuesday the House expects to receive the annual message from the president, which this year is to be read before the House separately unless the executive alters his decision not to deliver it in person, and also any other messages that may be sent from the White House. Wednesday, he said, will be set aside for the consideration of bills on the calendar.

The naval committee, he added, plans to bring up a measure providing for numerous changes in the administration of the navy. The Interior appropriation bill, he announced, is scheduled to be taken Thursday.

Mr. Longworth said, in reply to a question, that he did not know of any concerted efforts by members to attempt at this session to revise the section of the tax law dealing with the publicity of income tax returns. He pointed out that this question already was before the courts, and thought it probable that those interested in the matter might put off action pending a judicial decision on the subject.

As legislation other than the annual supply measures that might be taken up, the Republican leader said the McFadden bill, proposing several major changes in the national banking laws, was the only one that had been promised special consideration by the rules committee.

AUTHOR, TRAVELER, SAYS HE 'TALKS' TO THE MAN HE KILLED  
(By Universal Service.)

NEW YORK, Nov. 26.—"Forget it. It's all right."

A negro whom he had killed accidentally in an African hunting expedition said that to Stewart Edwards White, well known author and travel-

er, through a California medium, Mr. White declared in the annual report of the American Society for Psychical Research, made public today.

The author in the latest addition of importance to the ranks of spiritualism, and different from his distinguished fellows in this field—Conan Doyle, Oliver Lodge, Camille Flammarion, and others—in that he is a man of action rather than a scholar.

This medium, Mr. White states, is the wife of a prominent editor and the sister of a capitalist. She has done much automatic writing.

"Mrs. Lili G." as the medium is known, described to Mr. White the circumstances under which the negro was killed and declared that he had come back to tell Mr. White to "forget it." The negro was a member of his party ten years ago and was killed when a bullet fired by Mr. White at a leopard that was attacking some of the other men struck the man in the back.

Soldered antenna joints and others that are exposed to the weather should be bound with rubber tape and then with a wrapping of waterproof tape. It lengthens the life of the aerial and lead-in.

## Virginia Baptists Ask \$1,500,000

The annual Every-Member Canvass of the Baptist churches in Virginia will be made commencing Sunday, November 30th, according to Joseph T. Watts, director of publicity. The canvass is for the enlisting of the 216,000 white Baptists of the State in the 1925 program, including gifts to State, Home and Foreign Missions, Orphanage, Hospital, Ministry.

## RHEUMATISM Leaves You Forever

So Says James H. Allen, Who Drove Out Rheumatism From His Body After Being Crippled For Years.

Mr. James H. Allen, of 26 Forbes St., Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery which he called Allenhu, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allenhu with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment.

McFall's Drug Store is my appointed agent in your city. If you live out of town I'll gladly send you free particulars.—adv.
